

# Training Opportunities for Therapeutic Providers Offered through the Nevada System of Care (SOC) Grant

## **Free Evidence-Based Training Series**

For licensed/license-eligible clinicians who are Nevada residents and graduate students enrolled in Nevada institutions who are actively seeing children and youth. Population of focus are children and youth with co-occurring diagnosis:

- *Intellectual & Developmental Disabilities (I/DD)*
- *Severe Emotional Disturbance (SED)*

These trainings support Nevada's statewide initiative to strengthen behavioral health services through a coordinated network of community-based providers.

## **Key Information**

### Limited Availability

Priority given to providers whose roles and services align with population of focus defined above.

Opportunity for agencies to implement EBP's with organizational-level support through a structured Learning Collaborative.

### Stipends

Participants who meet program requirements may receive a stipend in recognition of their time and commitment.

### How to Apply
